Question No. 1

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are a Dynamics 365 Sales administrator for a software company. The sales team wants to attach a large number of supporting documents to customer records, but management does not want to incur the cost of additional storage.

The company does not have any Office 365 application integrations enabled.

You need to recommend a storage solution that keeps storage costs low.

Solution: Enable OneDrive for Business.

Does this meet the goal?

- **A.** Yes
- **B.** No

Answer: B

Question No. 2

A company uses three apps to complete several business processes.

You need to identify solutions to help the company perform regression testing when the apps are updated.

Which two tools should you use? Each correct answer presents part of the solution.

NOTE: Each correct selection is worth one point.

- **A.** Power Automate automated flow
- **B.** Windows recorder (V1)
- **C.** Power Automate desktop flow
- **D.** Windows Steps Recorder

Answer: B, D

Question No. 3

You are a Dynamics Sales administrator for a car dealership. The dealership uses only out-of-the-box functionality. When a new car is sold, the salesperson uses a Word template to generate a letter from the

quote to thank the customer.

You need to determine if you can revise the template.

Which Word template change can you make?

- **A.** Add the Discount field conditionally.
- **B.** Format the table to have alternating color rows.
